EX PARTE QUAYLE

This application is in condition for allowance except for the following formal matters:

The priority data set forth at page 1 of the specification is inconsistent with the application data sheet filed May 21, 2007. The application data sheet states that PCT/US02/29469 is a continuation-in-part of 09/676,194; however, the priority relationship set forth in the specification recites the current application is a continuation-in-part of 09/676,194.

Prosecution on the merits is closed in accordance with the practice under Ex parte Quayle, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

REASONS FOR ALLOWANCE

The following is a statement of reasons for the indication of allowable subject matter: The prior art fails to show the delivery of preheated fluid to a void in relation to an intervertebral disc to effect the particular treatment.
